

Hi Friends,

Thank you for participating in **Leaping Numbers: Season 3!**

On the next page, you'll find the Mystery Pattern Catcher. Print a copy for each student in your class. Print one for yourself as well, so you can enjoy the mystery!

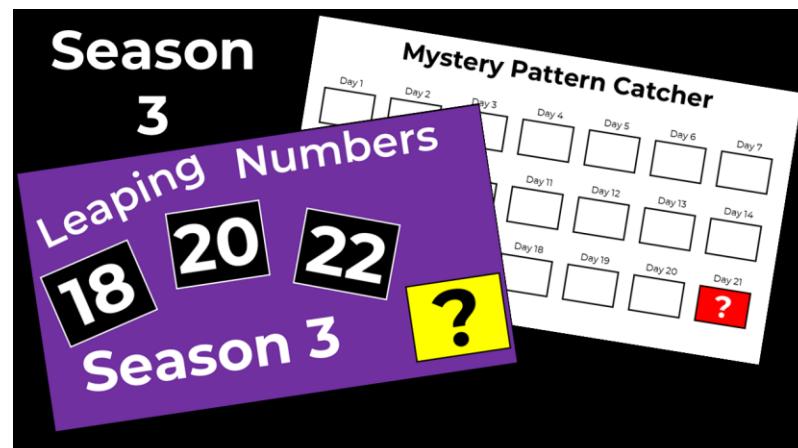

The steps in Leaping Numbers are simple:

1. Watch the video each day – and find the missing number in the daily pattern.
2. Add the missing number to the Mystery Pattern Catcher.
3. Notice how the Mystery Pattern Catcher is creating a pattern of its own.
4. Use that pattern to find the Mystery Number in Day 21.

The Challenge: Find the Mystery Number before it is revealed in Day 21.

Be sure to [**watch all the Season 3 details in this video!**](#)

All my best,
Steve Wyborney
